

**CWU系列磁性过滤器**  
**CWU MAGNETIC FILTER SERIES**

CWU-10X100B 磁性过滤器用于精密车床中润滑液的过滤，产品外壳为有机玻璃，为滤除加工中产生的超细铁屑粉末，滤芯中装了永久磁铁。

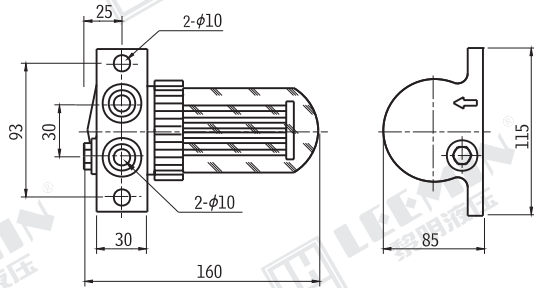

CWU-A25X60 磁性过滤器用于精密机床中主轴箱等润滑油的过滤，滤芯中装有永久磁铁，滤材为不锈钢丝网，便于清洗。

There are two models in this series. CWU-10X100B magnetic filter is used in the lubricating system of precision lathe. Filter element is made of stainless steel wire Mesh which can keep the system clean.

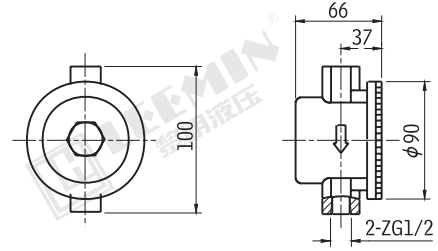

CWU-A25X60 filter is used in the head box of precision lathe. There is a permanent magnet in the core of element the filter, media is made of stainless steel wire mesh.
